

Putting an App on Your Phone or Tablet

- 1) Go to App Store, Play store or Amazon Apps

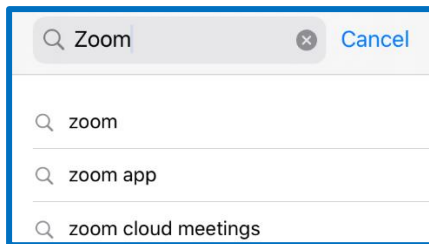

There are different apps depending on your phone or tablet

- 2) You can scroll through the options or search for something specific. Click on the Search magnifying glass

- 3) Type what you are looking for into the search bar and click on Search

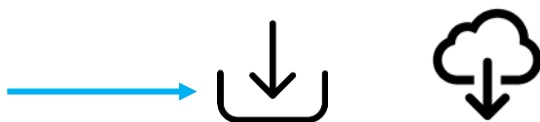

- 4) Check whether the app is free or there is a cost. Some apps offer basic access for free

- 5) Click on Download or Get

Download Symbols

- 6) Once your app is downloaded you can open it immediately and an icon will appear on your screen.
