

myGP

myGP is a free app which allows you to book and cancel GP appointments, receive appointments and add details to your calendar. This app is available to use with over 6,500 GP practices throughout the United Kingdom. It can also offer easy access to other services that your GP practice can provide, from ordering repeat prescriptions and accessing your medical records to having a video consultation with your GP.

How to use:

1. Download the app from your appropriate store e.g. Play Store

App Store

or the

2. Enter your mobile number and date of birth (this must be the mobile number that you registered with at your GP surgery).

3. Search for your GP surgery.

4. Create your pin. Please note, when registering, you may be asked for your linkage key. You may already have received a letter with this information some time ago. If not, your GP surgery will be able to help you with this.
